Re: Request for Certificate of Correction

Consideration has been given your request for the issuance of a certificate of correction for the above-identified patent under the provisions of Rule 1.323.

A petition under C.F.R. 1.182 is, required to correct the alleged error in an inventor's name/address, since an inventor's address is printed in accordance with the Declaration or the PTOL-85B (Issue Fee Transmittal), in file at the time of payment of the base issue fee. The Patent and Trademark Office did not make the error in the printing of the patent. An inventor's address is a matter not affecting the validity of technical subject matter of the patent, and since inventors often move both before the issuance of the patent and afterwards, no correction is in order under the provision of Rule 1.323, unless a petition under 1.18

In view of the foregoing, your request, in this matter, is hereby denied.

In the Request, Applicant(s) may request that the file be forwarded to Certificates of Correction Branch, for issuance of a Certificate of Correction, if the Request is granted.

Any request under 37 CFR 1.182 should be directed to the following address or facsimile number:
